Home Page
Link to the home page for extra functionality

Grouping Menu
Changes the grouping of the Event History

Patient Details
Links to contact details for the current patient

Duplicate Warning
If present, shows details of duplicate registrations

Alert Warning
If present, shows details of alerts

Services
Lists links to clinical applications

Event History
Lists links to clinical information

Important Event
Reminds yourself about key results and decisions

The screenshot shows the iCare vortal interface in a Microsoft Internet Explorer browser window. At the top, a search bar contains the patient ID '3034799'. Below the search bar is a patient summary bar (Idline) with the following information: 'TEST, Test', '1 Jan 1900', '(107 years)', 'Male', and '987 654 3210'. The main content area is divided into two panes. On the left is a TreeView showing a folder structure: Patient Details 3034799, Duplicate Registrations (1122057), Alerts (25/07/2006 MRSA), Services, Emergency Medicine, eTTO Discharge Summary, IP, OP, Patient Information, Radiology, Respiratory Medicine, and Results Reporting. The Results Reporting folder is expanded, showing a list of clinical events with dates and links to reports. On the right is the Content Pane, which displays patient details, next of kin details, and GP details.
