

How will I receive my results?

Thank you for attending the Imaging Department for your examination as requested by your GP.

We anticipate your results being back with your GP within 2 weeks of your examination, occasionally this may take slightly longer. Please ensure your results are available to your GP practice prior to attending / booking your next appointment in order to discuss your results.

Sometimes there may be a need to undertake alternative or further imaging, this is normal practice and will ensure an appropriate diagnosis is made.

The Imaging Department is committed to building healthier lives and are constantly looking at ways to improve the care and services we provide. We would like to know more about your experience so that we know how we are performing. You can do this by visiting 'Getting involved' on our website <https://imaging.heartofengland.nhs.uk/>, alternatively by contacting the department on 0121

424 3279.
